- IPL TREATMENTS -

01

Photorejuvenation Therapy

Rosacea / redness / sun damage / mature

IPL Photorejuvenation is generally recognised as the most effective treatment for facial redness, flushing, broken veins, rosacea, pigmentation and sun damage.

A welcome addition to this, IPL will stimulate collagen production resulting in a reduction in fine lines and wrinkles and an improvement in skin texture.

from £55.00

02

Acne Therapy

Our highly effective medical IPL treatment will destroy the bacteria that causes your acne, and reduce any inflammation and redness.

This therapy will also stimulate collagen production reducing the appearance of scarring and improving skin texture.

In no time at all, you will be confidently showing off your smooth, pimple free skin!

from £90.00

03

Permanent Hair Reduction

IPL hair removal is the most effective method of hair removal available that can be used almost anywhere on the face and body. Unlike other methods such as waxing and shaving laser hair removal gives long-lasting results. The hair will become finer and softer meaning less visible and the growth will slow down more and more with each treatment.

from £30.00

Patch test & consultation required before beginning treatments. More information can be found on our website www.pamper-me.co.uk

- BODY TREATMENTS -
